KANSAS CITY- For an artist who values hope and faith above all else, composer/keyboardist/musician Jerevon Elias better known by his YouTube channel name Instrumental 1ne, is a new upcoming film composer. He is gaining online popularity after posting his first video on YouTube "Heroes (Epic Intense Action Orchestral)" receiving over 55,000+ views and, his YouTube channel has over 100k+ video views since uploading videos to YouTube in 2021, after graduating high school. At the young age of 18 months old his mother recalls Elias one evening was in the room, which was a regular, with his (late) sister. This particular day they were playing on their dad's keyboard. The song "My Heart Will Go On" came on and he immediately by ear began to find the keys with no problem to play along with the chord. Having absolutely no prior lessons to his parents' astonishment.

Jerevon has consistently been releasing new music to give hope to his small but devoted fanbase with carefully crafted songs that as one fan commented, is "Powerful music that makes a cat become a lion!" His newest single Light in the Darkness [Fan Made] inspired by Destiny 2 continues that theme. As Jerevon finds hope in spite of darkness. Elias' other latest projects in 2023 include, "Final Effort" inspired by Battle Ready, "Warrior's Paradise" Coolio Cover "There Will Be Blood" an epic futuristic orchestral sound to name a few. Elias is the musician on the projects.

His music takes you away from a hectic life and family demands, when you listen to it you will let your guard down and be inspired.
